11. COMMENTS

The observer of this sighting was originally reported to be an observer of the sighting reported at Orlando, Fla at 15/0200Z July 1955. If the times are correct this observer must have seen a different object. If this object crossed a major portion of the sky in a period of 10-15 seconds it probably was astronomical in nature. ~~In the opinion of this hqs~~ the observer possibly saw a ~~meteor~~ PROBABLY
