MISSOURI STATE HIGHWAY PATROL

Cuba, Missouri

March 7, 1967

Subject: Report of unidentified flying objects, Crawford County, Missouri

To : Commanding Officer, Troop I
Missouri State Highway Patrol
Rolla, Missouri

1. On March 5, 1967, Troop I Rolla advised reporting officer that they had received a letter from a Mrs. [redacted] who lives about two and one-half miles northwest of Bourbon, Missouri, [redacted]. She stated in the letter that she had been seeing lights in the woods behind her house and across the road and she seemed to think that they were unidentified flying objects.

2. Reporting officer contacted Mrs. [redacted] the afternoon of March 5, 1967, and she talked for sometime about the lights. She showed this officer where they had been seen and just what they did. She stated the first time she saw them they landed in the woods behind her house. She stated that there was one about the size of a dinner plate and after the one landed several smaller ones would leave it. The small ones were about the size of a baseball. The small ones would then go back to the large one and they would leave. The first time they were seen was February 8, 1967, and she stated she had seen them almost every night since. She also stated that several other people had seen them, including the children of [redacted] who live directly behind her. This officer contacted the [redacted] family and talked with the six children ranging from five to seventeen years old. They stated they were carrying out some trash one afternoon late and saw this object about the size of a car coming towards them from out of the sky. They all dropped their trash and ran into the house. They have not seen any more.

3. The night of March 6, 1967, this officer went back to the home of Mrs. [redacted] and observed the area for about two hours. During this time officer observed eight airplanes, all flying from east to west or west to east. They have flashing red, green and white lights. Mrs. [redacted] pointed to one and said, "There is one now."

4. It is the opinion of this officer that Mrs. [redacted] lives in a flight path and what she is seeing is airplanes. When the airplanes are off some distance, they appear to be coming through the woods. Mrs. [redacted] is getting up in years and since she has been watching this for so long, this officer feels that her imagination is contributing to some of the things she sees.

this I seen in spring but a time going as the one with 2 lights above it aren't there and it roared then when noise stoped it stoped. I went east and very slow I don't think 10 miles an hour. A man was here last spring and I told him one was coming up the road to the end of the woods in front of him he got out there about 2 by our mail box, he said some boards on top had lights going around, he said they went and all I didn't get to see. This I never seen but my Uncles Boys seen the light in our woods he said it going around like a police Cruiser. Was of Mr Runyan to the south east of us about a mile. At 2:15 PM. I was awaken. She thought a car was shining a light in her home. Her husband was ill so she didn't wake him when she got to the living room she couldn't look as the light it was so bright she had to go to the side. It was there for 30 minutes. She also seen them at a car junk yard which is to the east of us on highway C. They have one of the names that seen them in Spring but didn't check with some. I can give them to you again

Oh yes sometimes when in the air they shine like a pendulum and also just a stick and then letter. They look red in open area in here never.

SIGHTING OF UNIDENTIFIED PHENOMENA QUESTIONNAIRE

BUDGET BUREAU APPROVAL NUMBER 21-R258

THIS QUESTIONNAIRE HAS BEEN PREPARED SO THAT YOU CAN GIVE THE U.S. AIR FORCE AS MUCH INFORMATION AS POSSIBLE CONCERNING THE UNIDENTIFIED PHENOMENON THAT YOU HAVE OBSERVED. PLEASE TRY TO ANSWER ALL OF THE QUESTIONS. THE INFORMATION YOU GIVE WILL BE USED FOR RESEARCH PURPOSES. YOUR NAME WILL NOT BE USED IN CONNECTION WITH ANY OF YOUR STATEMENTS OR CONCLUSIONS WITHOUT YOUR PERMISSION. RETURN TO AIR FORCE BASE INVESTIGATOR FOR FORWARDING TO FTD (TDETR), WRIGHT-PATTERSON AFB, OHIO 45433, IAW AFR 80-17. *(IF ADDITIONAL SHEETS ARE NEEDED FOR NARRATIVE OR SKETCHES ATTACH SECURELY TO THIS FORM OR ANNOTATE WITH YOUR NAME FOR IDENTIFICATION.)*

1. WHEN DID YOU SEE THE PHENOMENON?

Last one was Sunday DAY Jan 7 MONTH Jan YEAR 1968

2. WHAT TIME DID YOU FIRST SIGHT THE PHENOMENON?

HOUR 6 MINUTES 30 ☒ A.M. ☐ P.M.

3. WHAT TIME DID YOU LAST SIGHT THE PHENOMENON?

HOUR 6 MINUTES 55 ☐ A.M. ☐ P.M.

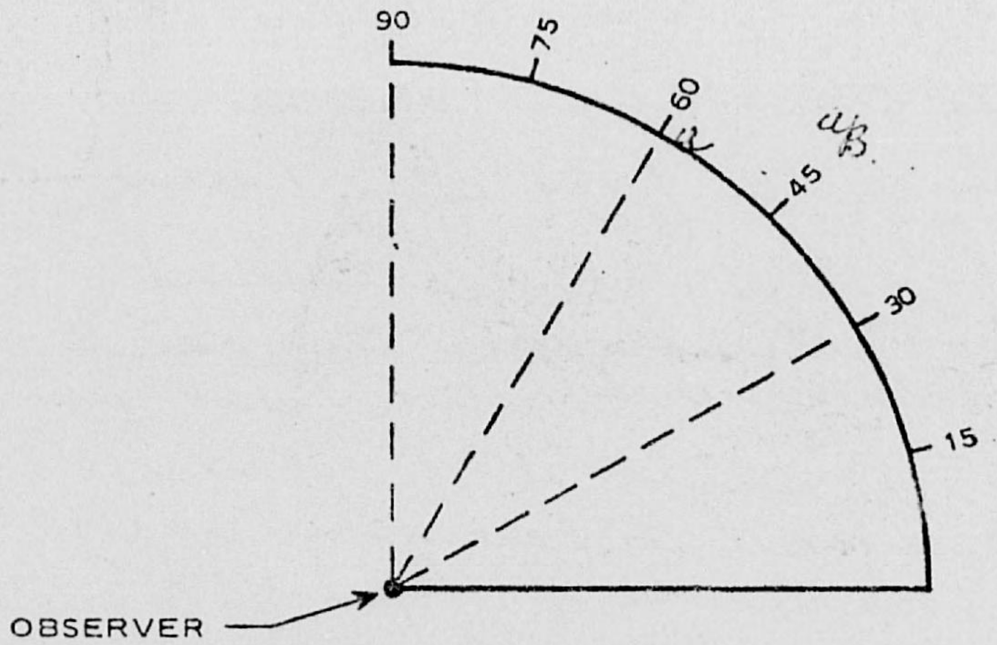
4. TIME/ZONE ☐ DAYLIGHT SAVINGS ☐ STANDARD

☐ EASTERN ☒ CENTRAL ☐ MOUNTAIN ☐ PACIFIC ☐ OTHER

5. WHERE WERE YOU WHEN YOU SAW THE PHENOMENON? IF IN CITY, GIVE THE NEAREST STREET ADDRESS AND INDICATE ON A HAND DRAWN MAP WHERE YOU WERE STANDING WITH REFERENCE TO THE ADDRESS. IF IN THE COUNTRY, IDENTIFY THE HIGHWAY YOU WERE ON OR NEAR AND TRY TO FIX A DISTANCE AND DIRECTION FROM SOME RECOGNIZABLE LANDMARK.

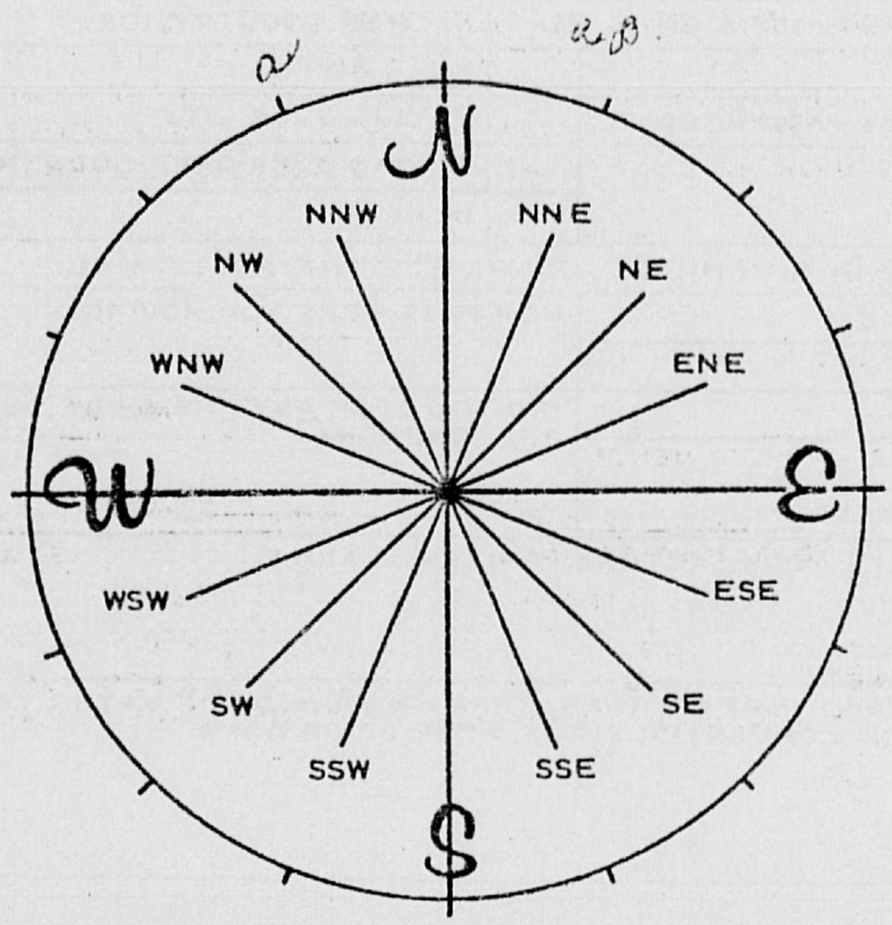
I was checking the temperature at our back bed room window to the north and a little west. It looked like a big star but it was the only one and was light out side, It was just above the tree tops. It's notice this all summer as I knew it had to be connected with the others. About 6:40 the orange red ones came up from the ground in line one by one like when I counted 6 one on the right got out of line went closer the top came down in the middle. Watching this one I look count but there were many more. At 6:50 or 55 I'm not sure I can't say the exact time it was before 7 they took off and went north then northeast.

6. IMAGINE YOU ARE AT THE POINT SHOWN IN THE SKETCH, PLACE AN "A" ON THE CURVED LINE TO SHOW HOW HIGH THE PHENOMENON WAS ABOVE THE HORIZON, OR SKYLINE, WHEN FIRST SEEN. PLACE A "B" ON THE SAME CURVED LINE TO SHOW HOW HIGH ABOVE THE HORIZON THE PHENOMENON WAS WHEN LAST SEEN.

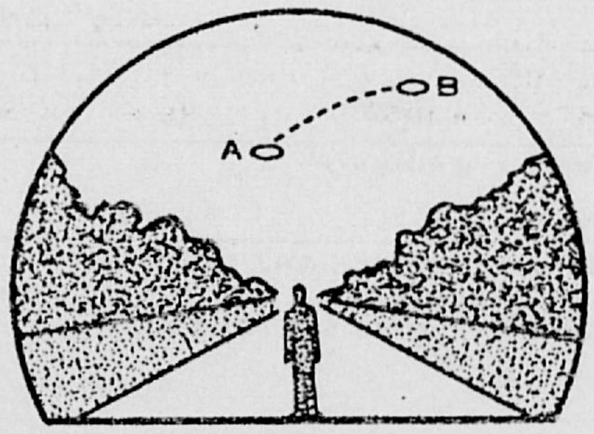


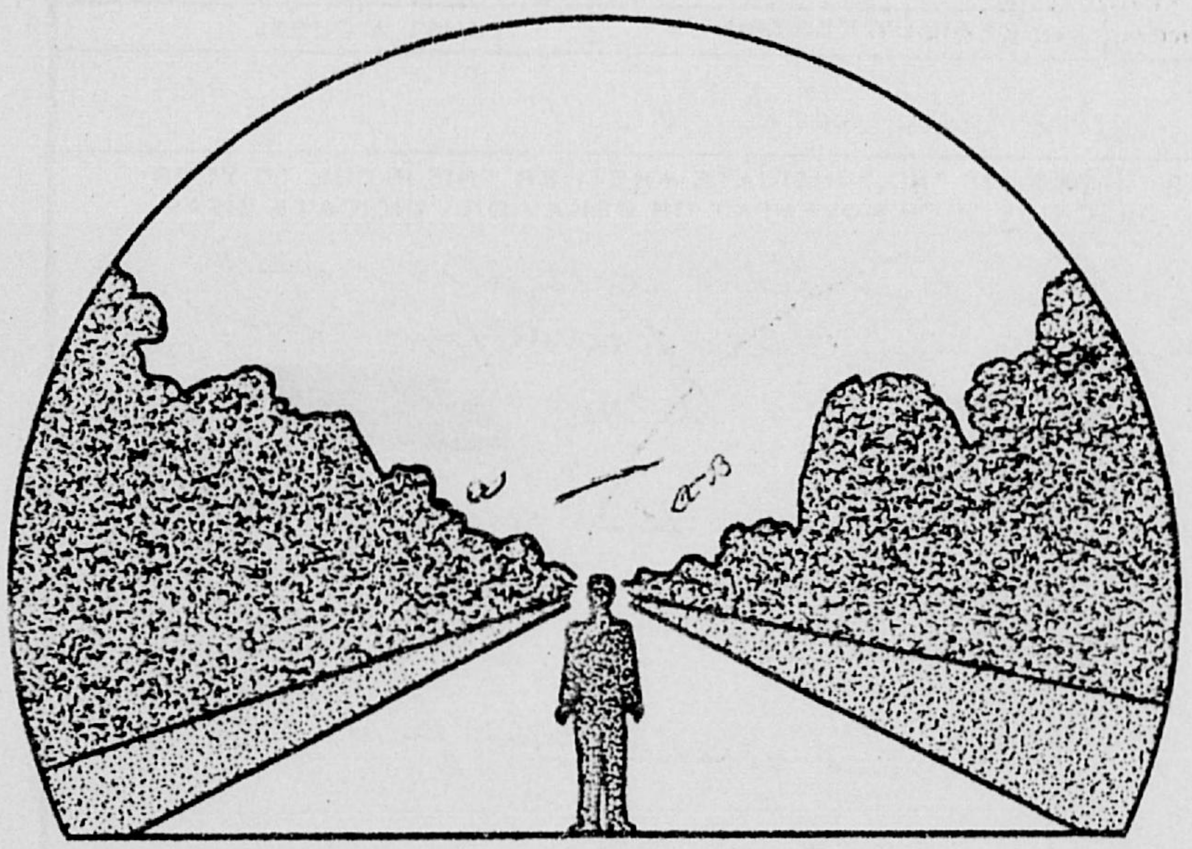
AF FORM AUG 67 117

6A. NOW IMAGINE YOU ARE AT THE CENTER OF THE COMPASS ROSE. PLACE AN "A" ON THE COMPASS TO INDICATE THE DIRECTION TO THE PHENOMENON WHEN FIRST SEEN. PLACE A "B" ON THE COMPASS TO INDICATE THE DIRECTION TO THE PHENOMENON WHEN LAST SEEN.



7. IN THE SKETCH BELOW, PLACE AN "A" AT THE POSITION OF THE PHENOMENON WHEN FIRST SEEN, AND A "B" AT THE POSITION OF THE PHENOMENON WHEN LAST SEEN. CONNECT THE "A" AND "B" WITH A LINE TO APPROXIMATE THE MOVEMENT OF THE PHENOMENON BETWEEN "A" AND "B". THAT IS, SCHEMATICALLY SHOW WHETHER THE MOVEMENT APPEARED TO BE STRAIGHT, CURVED OR ZIG-ZAG. REFER TO SMALLER SKETCH AS AN EXAMPLE OF HOW TO COMPLETE THE LARGER SKETCH.





8. WHERE WERE YOU WHEN YOU SAW THE PHENOMENON? *(Check appropriate blocks.)*

	OUTDOORS		IN BUSINESS SECTION OF CITY
✓	IN BUILDING		IN RESIDENTIAL SECTION OF CITY
	IN CAR ☐ AS DRIVER ☐ AS PASSENGER	✓	IN OPEN COUNTRYSIDE
	IN BOAT		NEAR AIRFIELD

A. IF YOU WERE IN A VEHICLE, COMPLETE THE FOLLOWING:

WHAT DIRECTION WERE YOU MOVING?				HOW FAST WERE YOU MOVING?
	NORTH		EAST	
	SOUTH		WEST	DID YOU STOP ANYTIME WHILE OBSERVING THE PHENOMENON?
	NORTHEAST		SOUTHEAST	
	NORTHWEST		SOUTHWEST	☐ YES ☐ NO

EXPLAIN WHETHER SUCH MOVEMENT AFFECTS YOUR SKETCHES IN ITEMS 5 AND 6.

DESCRIBE TYPE OF VEHICLE YOU WERE IN AND TYPE OF ROAD, TERRAIN OR BODY OF WATER YOU TRAVERSED DURING THE SIGHTING. STATE WHETHER WINDOWS OR CONVERTIBLE TOP WERE UP OR DOWN.

HOW MUCH OTHER TRAFFIC WAS THERE?

9. HOW LONG WAS THE PHENOMENON IN SIGHT?

LENGTH OF TIME				
45 minutes 25		CERTAIN OF TIME		NOT VERY SURE
	✓	FAIRLY CERTAIN		JUST A GUESS

HOW WAS TIME DETERMINED?

I was in our bedroom and checked the clock.

WAS THE PHENOMENON IN SIGHT CONTINUOUSLY? ☑ YES ☐ NO. IF "NO," INDICATE WHETHER THIS IS DUE TO YOUR MOVEMENT OR THE BEHAVIOR OF THE PHENOMENON, AND DESCRIBE SUCH MOVEMENT OR BEHAVIOR. INDICATE DISAPPEARANCES ON PREVIOUS SKETCHES.

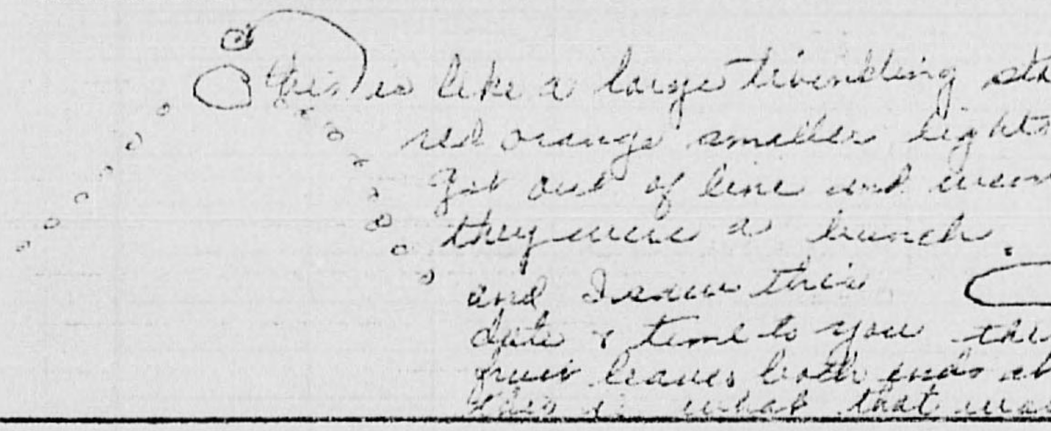
This was one we seen for over a year but didn't realize it until Feb 8 — When they were very close. The Air Force has a few names that have seen them but have not checked all. A Mr. [redacted] was here.

They always stay in the sky above the area that work ground level. Is something to see when you see it come in all lit up.

I'll draw all that I seen on back page.

Mr + Mrs [redacted] 5 miles to the west seen it the first time at 1st Dec. 15 at 6:00 pm.

10. IF THERE WERE MORE THAN ONE PHENOMENON, HOW MANY WERE THERE? DRAW A PICTURE TO SHOW HOW THEY WERE ARRANGED. DID THIS ARRANGEMENT CHANGE DURING THE SIGHTING?



It is like a large blinking star. There were 2 line of red orange smaller lights came from the ground either one got out of line and circle over the top. Lights around but they were in bunch. One Sunday night we, my husband and I saw this ⬭ to the northeast I said that date + time to your star red orange balls as big as grape fruit leaves both ends at time and circles real fast. Sometimes this is what that means it has a white and red light on it.

11. CONDITIONS *(Check appropriate blocks.)*

A. SKY		B. WEATHER

It was just getting red in sky to the east and it was north

	IN FRONT OF YOU		TO YOUR RIGHT If it was up.		OVERHEAD *(Near noon)*
	IN BACK OF YOU		TO YOUR LEFT		UNKNOWN

E. SPECIFY THE MAJOR SOURCE OF ILLUMINATION PRESENT DURING THE SIGHTING, SUCH AS THE SUN, HEADLIGHTS OR STREET LAMP, ETC. FOR TERRESTRIAL ILLUMINATION, SPECIFY DISTANCE TO LIGHT SOURCE.

It was light as you could make out everything but it was a city like to our roads from the towns. It was straight as roads to the north.

12. GIVE A BRIEF DESCRIPTION OF THE PHENOMENON, INDICATING WHETHER IT APPEARED DARK OR LIGHT, WHETHER IT REFLECTED LIGHT OR WAS SELF-LUMINOUS AND WHAT COLORS YOU NOTICED. DESCRIBE YOUR IMPRESSION OF WHETHER IT WAS SOLID OR TRANSPARENT, WHETHER EDGES WERE SHARP OR FUZZY. DESCRIBE THE SHAPE OR INDICATE IF IT APPEARED AS A POINT OF LIGHT. INDICATE COMPARISONS WITH OTHER OBSERVED OBJECTS, LIKE STARS, A LIGHT OR OTHER OBJECT IN YOUR FIELD OF VIEW.

All I seen are as lights. It gave from red to amber then white and then looks like it goes out before it starts over. My brother-in-law has good binoculars that past summer we checked them. It turns a green instead of going out. This you can't see with the naked eye. My vision is good at distance so I need glasses to read.

13. DID THE PHENOMENON	YES	NO	UNKNOWN
MOVE IN A STRAIGHT LINE? from north to north dash. 4 of us	✓

14. WHAT DREW YOUR ATTENTION TO THE PHENOMENON?

Ifter seeing them for a year I never go near a window unless I look out. I was just checking the temperature to the north bedroom window. Is to see what Cobez likes a large star in light. I watched it. It took 10 minutes before the others joined them. When they are means and dog lets us know.

A. HOW DID IT FINALLY DISAPPEAR?

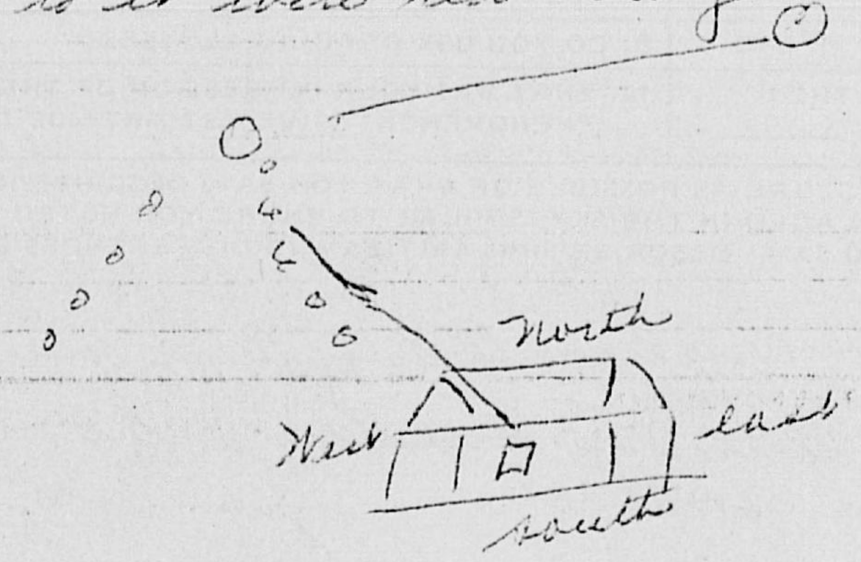
After all the other lights joined it. It slowly went North, then a little to the east.

B. DID THE PHENOMENON MOVE BEHIND OR IN FRONT OF SOMETHING, LIKE A CLOUD, TREE, OR BUILDING AT ANY TIME?

☐ YES ☑ NO. IF "YES," DESCRIBE.

15. DRAW A PICTURE THAT WILL SHOW THE SHAPE OF THE PHENOMENON. INCLUDE AND LABEL ANY DETAILS THAT MIGHT HAVE APPEARED AS WINGS OR PROTRUSIONS, AND INDICATE EXHAUST OR VAPOR TRAILS. INDICATE BY AN ARROW THE DIRECTION THE PHENOMENON WAS MOVING.

At this particular morning I only saw the white light like a large star that turn red or red orange. The lights that came up to it were red-orange.



Our bed room window is to the north of the house I looked north and a little west. It finally went north east.

16. WHAT WAS THE ANGULAR SIZE? HOLD A MATCH AT ARM'S LENGTH IN FRONT OF A KNOWN OBJECT, SUCH AS A STREET LAMP OR THE MOON. NOTE HOW MUCH OF THE OBJECT IS COVERED BY THE HEAD OF THE MATCH. NOW IF YOU HAD BEEN ABLE TO PERFORM THIS EXPERIMENT AT THE TIME OF THE SIGHTING, ESTIMATE WHAT FRACTION OF THE PHENOMENON WOULD HAVE BEEN COVERED BY THE MATCH HEAD.

This is hard to say as they can dim their lights until it looks like a small star then gradually increase it. well to give you my own description It looked like and old fashion round kitchen. This one however was like the biggest star you see.

17. DID YOU OBSERVE THE PHENOMENON THROUGH ANY OF THE FOLLOWING? INCLUDE INFORMATION ON MODEL, TYPE, FILTER, LENS PRESCRIPTION OR OTHER APPLICABLE DATA.

✓	EYEGLASSES		CAMERA VIEWER
	SUNGLASSES		BINOCULARS
	WINDSHIELD		TELESCOPE
	SIDE WINDOW OF VEHICLE		THEODOLITE
✓	WINDOWPANE		OTHER

A. DO YOU ORDINARILY WEAR GLASSES? ☑ YES ☐ NO

B. DO YOU USE READING GLASSES? ☑ YES ☐ NO

18. WHAT WAS YOUR IMPRESSION OF THE SPEED OF THE PHENOMENON? GIVE ESTIMATE OF SPEED The ones very close About 20 miles per hr I would

19. WHAT WAS YOUR IMPRESSION OF THE DISTANCE OF THE PHENOMENON? GIVE ESTIMATE OF DISTANCE Not sure. about a mile from ground level height est guess

20. IN ORDER THAT WE MAY OBTAIN AS CLEAR A PICTURE AS POSSIBLE OF WHAT YOU SAW, DESCRIBE IN YOUR OWN WORDS A COMMON OBJECT OR OBJECTS WHICH, WHEN PLACED IN THE SKY, SIMILAR TO WHERE YOU NOTED THE PHENOMENON, WOULD BEAR SOME RESEMBLANCE TO WHAT YOU SAW. DESCRIBE SIMILARITIES AND DIFFERENCES BETWEEN THE COMMON OBJECT AND WHAT YOU SAW.

These lights can't be compared to anything we have. When they are white. Its clear and twinkles a lot. Most times like the largest star we see.

21. DID YOU NOTICE ANY ODOR, NOISE, OR HEAT EMANATING FROM THE PHENOMENON OR ANY EFFECT ON YOURSELF, ANIMALS OR MACHINERY IN THE VICINITY? ☐ YES ☑ NO. IF "YES," DESCRIBE.

Not this time but other time yes.
Last spring when they were across our front lawn ground level they stayed here from 4 until 5 in morning It smelt like orange peel. Our dog just goes wild.

A. DID THE PHENOMENON DISTURB THE GROUND OR LEAVE ANY PHYSICAL EVIDENCE. ☐ YES ☐ NO. IF "YES," DESCRIBE.

It was too far this time as it was on Hunters ground where the little ones come ups and they have seen them on several occasions. The one was over the tree tops.
[redacted] ground is joining to the north of us.

22. HAVE YOU EVER SEEN THIS OR A SIMILAR PHENOMENON BEFORE? ☒ YES ☐ NO. IF "YES," GIVE DATE AND LOCATION. Evening at that ~~the~~ time and 2 occasion when the sky was black. Object was to the north of our garage and large and Fixed It was always there when the ones did on ground all year long

23. WAS ANYONE WITH YOU AT THE TIME YOU SAW THE PHENOMENON? ☒ YES ☐ NO. IF "YES," DID THEY SEE IT TOO? ☐ YES ☐ NO Yes as my husband had stroke he was in bed at this time

25. WHEN AND TO WHOM DID YOU REPORT THAT YOU HAD SIGHTED THIS PHENOMENON? Before to Congressmen Leggett who said I should report any more to Keith Air Force base and to NICAP Washington also to Neighboring Patrol. This has on to upon

NAME _____ DAY _____ MONTH _____ YEAR _____

26. DATE YOU COMPLETED THIS QUESTIONNAIRE.

DAY 11 MONTH January YEAR 1968

27. INFORMATION WHICH YOU FEEL IS PERTINENT BUT WHICH IS NOT ADEQUATELY COVERED IN THIS QUESTIONNAIRE, ALTERNATIVELY PROVIDE A NARRATIVE EXPLANATION OF THE SIGHTING.

On Feb 8 - 1967 the time 8:15 (I am sure as my neighbor was on her home from church) I saw a large red light dimmed behind our house to the north at the edge of the clearing, about a city block from our house at ground level. I thought at first it was a hunter but the light looked as large as the old car headlights and couldn't imagine why he was carrying such a big one. I watched looking through the bed room window the light looked funny - It drew my attention then it got brighter and brighter until our whole yard looked like day. The red light backed into the woods and the one above our home gradually went out. This night our dog nearly tore the house apart and we didn't hear anything. It went on night after night I would see it from the east either white or orange red. One night my sister and her husband were here from St Louis it came in red 1:30 a.m. like the sun it goes back of the trees below tree tops and then little balls fly off I told my [redacted] they looks like they are breathing. So many try to say house lights or car lights where they are no roads and hours, so I knew my [redacted] were anxious to see them. There were [redacted] his wife and son, my husband & I, this was spring, date I don't remember I thought I gave them to my [redacted]. When they came in there was one to the south west in sky. They said is that one I said no. [redacted] said that's the evening star. (Her wife runs a news paper) and hour later they said are you sure I said no - That's what I was told we watched it and it went down behind a home of an old person to the west of us and spun like a top. This was the only one I saw spin.

They was in [redacted] garden to the west where we did see signs of burnt rubbish tops. They ran across our front lawn came from west to east crossed highway C and into [redacted] woods that has a pond. They mentioned yes how many. I counted 12 ground level & low in the sky that night. The night in the garden they worked back and forth side ways and down. They kept shooting white lights out in front in 2 shapes. This I was told by some men they could draw circles from [redacted] as neck in feb.

MAC—S AFB, Ill 68-3641

On May 1st about 8 or 8:30 PM my dog again had a fit & left the back door in triangle of three red lights about as large as a cups they were about 5 ft apart were flatten somehow but went about 15° East and went out, then was day he scared my neighbor to the east got our glasses and could see parties he went in and said Orville has the lights again. They were ground level across our front just off highway C.

They came this fall about 5:30 but now a little later in Feb & spring at 7 P.M. My husband saw one called me this was the 14 to north west Dec 15 at 6 PM. Dr. & Mrs. [redacted] saw what they thought was a plane falling the said part was white like gas burning the back looked like all burning then the bottom blew up. She called Sheriff & Highway Patrol. The Patrol said he was at our home in Spring and they must have seen the same.

Dec 16 there was one at [redacted] front yard which is across from Hutchinsons to the west of us across Highway C. another there at 6:30

Dec 17 at 6 P.M one at [redacted] on Hutchinsons garden & then went to north of garden one in woods behind our home.

The past spring my son in law Jim Diehl and them I said one just went behind the woods to our south. Then as a road to the east of the woods he took the car went down the hill and up the other to where a friend lives before he turned my daughter had a fit as when he was down to the lower part we could see another white light behind him when he got to the top of the hill the light that followed behind went to the woods across to the south. This my daughter & I saw but my son-in law Diehl did it would have been done the car for us to see it. One night last spring I was out in back saw this large white light coming not too far above the house to east. I ran through our house and the garage the field between our homes it started to Clung it didn't turn like a car just flipped so I got a good look. This was right lights were about and behind the [redacted] saw white the bottom is the circle then it got around it was. This one then two were on our side of the trees and husband & I saw them leave from both sides then middle left last. This past Dec 9 I saw a white light ground level on side of a building of Hutchinsons to the west it then turned and went back in the woods then all around all were the red orange ball then went like its breathing. I also seen a stick at top white light on top as big as about a quarter the other I seen went over me I was on back porch before like a lighted cigar and went with arrows. I didn't hear any I didn't draw too good but upper circle. One light above was red the

I saw
