Mr. Dwight D. Eisenhower

Dear General:

I am a member of the National Investigations Committee on Aerial Phenomena (NICAP), headquarters Washington, D.C., and would greatly appreciate your answering the following questions:

1- Do you believe the unidentified flying objects currently being seen in our skies to be unknown superior machines under intelligent control?

2- If your answer to question #1 is in the positive, do you believe the UFOs to be extraterrestrial vehicles?

3- Do you believe the United States Air Force is conducting a policy of secrecy and censorship in regard to UFOs?

4- Do you support NICAP in its fight to persuade Congress to conduct an impartial open investigation into the UFO problem?

5- If your answer to question #3 is in the positive, do you consider such a policy to be justified?

Thank you.

Sincerely yours,

John Laval

Dear Mr. Laval:

General Eisenhower has asked me to reply to your letter of January 24th.

While he would like to respond personally to your queries, the great demands on his time and his present writing chores make it impossible for him to do so. In addition, as a policy of long standing, General Eisenhower does not complete questionnaires.

With appreciation for your understanding of the circumstances surrounding this negative reply,

Sincerely,

s/w
