To whom it may concern.

Last night May 4th between 7:30 and 2 till 8 my husband and I saw a U.F.O. We were going to Oxford, Ohio from Hamilton when we saw the bright objet in the sky. We were so awe struck that we pulled over and watched the objet for a few min. We then followed it along (from the left of us) Millville Oxford road to Oxford where we lost it.

It was not an airplane. It was never flapped. It was still daylight. The objet seemed to travel very fast. It was also quite large.
