PROJECT 10073 RECORD CARD

15 Dec 52	HARTSVILLE, SOUTH CAROLINA	
15/0915EST		
15/1415Z		
X	AF Pilot	
10-15 sec	1	

Circular silver object appeared size of half dollar from a ten mile distance. Object appeared to oscillate, losing & gaining altitude rapidly. Observed by pilot of RF-80 a/c, at an altitude of 15,000' traveling 300 mph.

1. This report was checked against a similar one from Greensboro, N.C., 120 miles N which took place 10 minutes after this sighting. Result: No apparent correlation between the two as the speed is too high for balloon or jet.
2. This object described a conventional balloon.
