Sirs:

The present is to notify you of the appearance of a strange object in the sky of Gainesville, Fla. (University Campus) at about 11:00 p.m. Saturday April 2. This occurrence was witnessed by at least three people, whose names are given below. This object appeared to travel at a fast rate of speed, and was accompanied by a red and white light. It could not have been an airplane or helicopter because of the absolute absence of sound. It appeared to travel horizontally for a while, then change direction at a right angle and start dropping vertically until it disappeared in mid air.

Sincerely yours,

[redacted]

[redacted] (all University of Florida students).
